**Mayor Kevin Hinkley Presents Community Spirit Award to
Lighting Supply Company**

Partnering with the Oakland County Sheriff’s Re-CYCLE for Kids bike recycling program, **Lighting Supply Co.** (one of the largest distributors of light bulbs in the Midwest) kicked off a campaign in January to collect, repair and provide bicycles to children in need throughout Oakland County. New and used bicycles of all sizes are accepted along with helmets and bike repair tools from 10 a.m. through 4 p.m. weekdays at the company’s location at 28525 Beck Road, Wixom. Inmates in the County’s Trusty Camp refurbish & repair them for distribution to organizations such as Lighthouse, Easter Seals, Oakland County Youth Assistance and the Boys & Girls Clubs.

Since the kick off of the campaign in January of this year they have collected over 20 bikes
