

## **I-96/Beck Road Car Pool Lot**

The Michigan Department of Transportation (MDOT) has opened its newly constructed car pool parking lot northeast of I-96 and Beck Road. The lot was advocated by Wixom and Novi since it straddles the border of both communities. Car pooling is one way to defray rising gas costs, combat traffic congestion and avoid unnecessary wear and tear on your vehicle. The lot can accommodate 165 cars with six (6) handicap spaces. The lot is lighted and open 24 hrs/day with two entrances.
